Invitation from the Chairman

12 September 2012

Dear Shareholder

I am pleased to invite you to BHP Billiton Plc's 2012 Annual General Meeting ('AGM') and enclose your Notice of Meeting. The meeting will be held on Thursday, 25 October 2012 at The Queen Elizabeth II Conference Centre, Broad Sanctuary, Westminster, London.

The AGM gives you the opportunity to ask questions, vote on the items of business and talk to Directors and the senior management team. It is an important forum for BHP Billiton, as hearing the views of our shareholders is a key part of our approach to governance.

In light of that commitment, this year I continued to meet with both institutional and retail shareholders. A recurring theme in those discussions is the current uncertainty and marked volatility in the global economy. This creates challenges for a company with a long-term investment horizon such as BHP Billiton.

These are crucial matters for your Board. To continue creating long-term returns for shareholders, we need to sequence our investments to balance short- and long-term considerations, reduce risk and optimise value. BHP Billiton has a strong pipeline of development projects across diverse commodities and geographies and we prioritise investment to where a sustainable competitive advantage and the best risk/return metrics exist. Geopolitical and fiscal stability and the long-term outlook for our various commodities are also a key consideration given the scope of the projects in which we invest.

Making these high-return investments, while also maintaining a strong balance sheet, underpins our ability to pay dividends, and our total dividend for FY2012 increased to 112 US cents per share. Over the last 10 years, we have returned around US\$54 billion to shareholders through dividends and share buy-backs. That represents around 30 per cent of the Group's current market capitalisation.

BHP Billiton also remains committed to contributing in a positive way to the communities, regions and countries where we operate. As set out in our Sustainability Report, we once again invested one per cent of pre-tax profits in community programs by allocating US\$214 million this year.

We continue to adopt what we consider to be the highest of governance standards across Australia, the United Kingdom and the United States. As such, all your Directors are again standing for annual re-election. The performance of all Directors has been reviewed and the Board considers they all continue to make a valuable contribution. **Your Board recommends their re-election and also recommends the election of your new Director Pat Davies.**

Many of the remaining items of business set out in the Notice of Meeting will be familiar to you. **The Board considers that all resolutions are in the best interests of shareholders of BHP Billiton, as a whole, and recommends you vote in favour of all the items of business.**

I encourage you to vote and also invite you to join us at the AGM. I look forward to meeting as many shareholders as possible.

Yours sincerely

A handwritten signature in black ink, appearing to be 'Jac Nasser', with a large loop at the end.

Jac Nasser AO
Chairman

How to vote and participate

Your vote is important. By voting, you are involved in the future of BHP Billiton.

Shareholders can vote by:

- ▶ attending the meeting and voting in person; or
- ▶ appointing an attorney or, in the case of corporate shareholders, a corporate representative, to attend and vote; or
- ▶ appointing a proxy to attend and vote on their behalf.

There are also a number of ways you can participate in, and ask questions at, the Annual General Meeting.

Voting arrangements under the Dual Listed Companies structure

In accordance with the Dual Listed Companies structure for BHP Billiton Plc and BHP Billiton Limited (together 'BHP Billiton'), all items of business at the Annual General Meetings are joint electorate matters.

Voting on joint electorate matters works as follows:

- ▶ if you vote at the Annual General Meeting of BHP Billiton Plc (to be held in London on 25 October 2012), an equivalent vote will be cast on the corresponding resolution at the meeting of BHP Billiton Limited;
- ▶ if you vote at the Annual General Meeting of BHP Billiton Limited (to be held in Sydney on 29 November 2012), your vote will be treated as though it was also cast at the meeting of BHP Billiton Plc; and
- ▶ a resolution will only be passed if the votes cast in favour (after the votes of shareholders of both companies are added together) represent a majority of the votes cast (in the case of an ordinary resolution), or represent at least 75 per cent of the votes cast (in the case of a special resolution).

Voting in person (or by attorney or representative)

You must register to vote at the Annual General Meeting.

In order to streamline registration, we ask that you arrive at the venue 30 minutes prior to the time designated for the meeting, if possible.

Attorneys should bring with them an original or certified copy of the power of attorney under which they have been authorised to attend and vote at the meeting, unless previously given to the Share Registrar.

A shareholder that is a corporation may appoint an individual to act as its representative and to vote in person at the meeting. The representative should bring to the meeting evidence of his or her appointment, including any authority under which it is signed, unless previously given to the Share Registrar.

All items of business will be decided by way of a poll. The Chairman will declare the poll open during the meeting to assist those shareholders who are unable to stay for the whole meeting, and the poll will close shortly after the end of the BHP Billiton Limited Annual General Meeting.

How to vote and participate *continued*

Voting by proxy

Appointing a proxy

- ▶ A proxy form accompanies this Notice of Meeting.
 - ▶ A shareholder entitled to attend and vote is entitled to appoint one or more proxies. A proxy need not be a shareholder and can be either an individual or a body corporate. Each proxy will have the right to vote on a poll and also to speak at the meeting. Further proxy forms are available by contacting the Share Registrar.
 - ▶ The appointment of a proxy may specify the proportion or the number of votes that the proxy may exercise.
 - ▶ If a proxy is not directed how to vote on an item of business, the proxy may vote or withhold their vote on that resolution as they think fit. Should any resolution other than those specified in this Notice of Meeting be proposed at the meeting, a proxy may vote on that resolution as they think fit (unless otherwise directed by the shareholder).
 - ▶ If a proxy is instructed to withhold their vote on an item of business, they are directed not to vote on the shareholder's behalf on the poll and the shares that are the subject of the proxy appointment will not be counted in calculating the required majority.
- ▶ Shareholders who return their proxy forms with a direction on how to vote but do not nominate the identity of their proxy will be taken to have appointed the Chairman of the meeting as their proxy to vote on their behalf. If a proxy form is returned but the nominated proxy does not attend the meeting, or does not vote on the resolution, the Chairman of the meeting will act in place of the nominated proxy and vote in accordance with any instructions. Proxy appointments in favour of the Chairman of the meeting, the secretary or any Director that do not contain a direction on how to vote will be used where possible to support each of the resolutions proposed in this Notice of Meeting.
 - ▶ **The Key Management Personnel ('KMP') of BHP Billiton (which includes each of the Directors and members of the Group Management Committee) and their closely related parties (such as close family members and any controlled companies) will not be able to vote your proxy on Items 19 and 20, unless you direct them how to vote.** If you intend to appoint a member of the KMP as your proxy, please ensure that you direct them how to vote on Items 19 and 20 by marking the voting boxes for those items. If you appoint the Chairman of the meeting as your proxy, or the Chairman of the meeting is appointed as your proxy by default, but you do not mark the voting boxes for Items 19 and 20, you will be taken to have expressly authorised the Chairman of the meeting to vote in favour of those resolutions.

Lodging proxy appointments

- ▶ Proxies must be lodged by 11.00am (London time) on Tuesday, 23 October 2012 for shareholders registered on the principal register in the United Kingdom or 12 noon (South African time) on Tuesday, 23 October 2012 for shareholders registered on the South African branch register. Proxies lodged after this time will be invalid.
- ▶ Proxies may be lodged using any of the following methods:
 - **Electronically** by recording the proxy appointment and voting instructions via www.bhpbilliton.com. Only registered BHP Billiton shareholders may access this facility and will need their Shareholder Reference Number (SRN) and Personal Identification Number (PIN); or
 - **By hand delivery or post** to one of the following addresses:

- ▶ The proxy form must be signed by the shareholder or the shareholder's attorney.
- ▶ Proxies given by corporations must be executed in accordance with BHP Billiton Plc's Articles of Association and BHP Billiton Limited's Constitution.
- ▶ Where the appointment of a proxy is signed by the appointor's attorney, a certified copy of the power of attorney, or the power itself, must be received by BHP Billiton Plc or its Share Registrar at either of the above addresses by 11.00am (London time)/ 12 noon (South African time) on Tuesday, 23 October 2012.
- ▶ Completion and return of a proxy form will not prevent a shareholder from attending the meeting and voting in person should they wish to do so.

The right to appoint a proxy does not apply to persons whose shares are held on their behalf by another person and who have been nominated to receive communications from BHP Billiton Plc in accordance with section 146 of the United Kingdom Companies Act 2006 ('nominated persons'). Nominated persons may have a right under an agreement with the registered shareholder who holds the shares on their behalf to be appointed (or to have someone else appointed) as a proxy. Alternatively, if nominated persons do not have such a right, or do not wish to exercise it, they may have a right under such an agreement to give instructions to the person holding the shares as to the exercise of the voting rights.

How to vote and participate *continued*

Nominated persons should also remember that their main point of contact in terms of their investment in BHP Billiton Plc remains the shareholder who nominated them to enjoy the information rights (or perhaps the custodian or broker who administers the investment on their behalf). Nominated persons should continue to contact that shareholder, custodian or broker (and not BHP Billiton Plc), regarding any changes or queries relating to their personal details and interest in BHP Billiton Plc (including any administrative matter). The only exception to this is where BHP Billiton Plc expressly requests a response from the nominated person.

Voting through the CREST electronic proxy appointment service

CREST members who wish to appoint a proxy or proxies through the CREST electronic proxy appointment service may do so by following the procedures described in the CREST manual. CREST personal members or other CREST sponsored members, and those CREST members who have appointed a voting service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.

In order for a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a 'CREST Proxy Instruction') must be properly authenticated in accordance with Euroclear UK & Ireland Limited's specifications and must contain the information required for such instruction as described in the CREST manual. The message, regardless of whether it constitutes the appointment of a proxy

or an amendment to the instruction given to a previously appointed proxy must, in order to be valid, be transmitted so as to be received by Computershare Investor Services PLC (CREST participant 3RA50) by 11.00am (London time) on Tuesday, 23 October 2012. For this purpose, the time of receipt will be taken to be the time (as determined by the time stamp applied to the message by the CREST Applications Host) from which the issuer's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time, any change of instruction to proxies appointed through CREST should be communicated to the appointee through other means.

CREST members and, where applicable, their CREST sponsors or voting service providers should note that Euroclear UK & Ireland Limited does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed a voting service provider(s), to procure that his or her CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST manual concerning practical limitations of the CREST system and timings.

BHP Billiton Plc may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.

ADS holders and holders of shares dematerialised into STRATE

The main contact for ADS holders who do not hold their investment directly is the registered shareholder, custodian or broker, or whoever administers the investment on their behalf. ADS holders may deal with them in relation to any rights under agreement with them to be appointed as proxy and to attend, participate in and vote at the meeting.

Holders of shares dematerialised into STRATE should return their proxy forms directly to their Central Securities Depository Participant or stockbroker.

Shareholders who are entitled to vote

In accordance with Regulation 41 of the Uncertificated Securities Regulations 2001 and for the purposes of section 360B of the United Kingdom Companies Act 2006, only those shareholders entered on the register of shareholders of BHP Billiton Plc at 6.00pm (London time) on Tuesday, 23 October 2012, or in the event that the meeting is adjourned, on the register of shareholders of BHP Billiton Plc at 6.00pm (London time) on the day two days before the date of any adjourned meeting, shall be entitled to vote at the meeting, in respect of the number of shares registered in their name at that time. Changes after that time, or in the event that the meeting is adjourned, after 6.00pm (London time) on the day two days before the date of the adjourned meeting, shall be disregarded in determining the rights of any person to attend and vote at the meeting or any adjourned meeting.

In addition, Australian legal requirements limit the eligibility of certain people to vote on some of the items of business to be considered at the Annual General Meeting. These voting exclusions are designed to limit the capacity of people who stand to benefit from a resolution to influence whether the resolution is passed.

The applicable voting exclusion (if any) for each item of business is set out immediately after the proposed resolution in this Notice of Meeting.

Shareholders should note that it is possible that, pursuant to requests made by shareholders of BHP Billiton Plc under section 527 of the United Kingdom Companies Act 2006, the Company may be required to publish on a website a statement setting out any matter relating to: (i) the audit of BHP Billiton Plc's accounts (including the auditor's report and the conduct of the audit) that are to be laid before the meeting; or (ii) any circumstance connected with an auditor of BHP Billiton Plc ceasing to hold office since the previous meeting at which annual accounts and reports were laid in accordance with section 437 of the United Kingdom Companies Act 2006. BHP Billiton Plc may not require the shareholders requesting any such website publication to pay its expenses in complying with sections 527 or 528 of the United Kingdom Companies Act 2006. Business

Explanatory notes on the items of business to be considered at the meeting follow.

Item 1

Financial statements and reports

The law in England and Australia requires Directors to lay before the meeting of shareholders the financial report (or statements), the Directors' Report, the Auditor's Report and the Remuneration Report for the year.

In accordance with BHP Billiton's approach to corporate governance, shareholders in each of BHP Billiton Plc and BHP Billiton Limited are being asked to receive the reports and accounts of both companies. Shareholders who elected to do so will have received a hard copy of the BHP Billiton Annual Report.

In the interests of simplicity, one resolution is proposed in respect of the reports and accounts for both BHP Billiton Plc and BHP Billiton Limited, as the accounts for the BHP Billiton Group as a whole are presented in the BHP Billiton Annual Report. In addition, the voting procedure explained on pages 9 to 14 ensures that both BHP Billiton Plc and BHP Billiton Limited shareholders can vote on the reports and accounts.

The BHP Billiton Annual Report and Summary Review are available online at www.bhpbilliton.com. Alternatively, shareholders can request hard copies by telephoning the Share Registrar on +44 844 472 7001 (United Kingdom) or +27 11 373 0033 (South Africa).

Receiving the accounts is considered a significant matter and is therefore a joint electorate action (see pages 9 to 14 on voting arrangements for further explanation). It is proposed as an ordinary resolution.

Items 2 to 14

Election of Directors

The Boards of BHP Billiton Plc and BHP Billiton Limited must be identical and operate as one. In the interests of simplicity, one resolution is proposed in respect of the election of each Director to both the Board of BHP Billiton Plc and to the Board of BHP Billiton Limited ('the Board'). The voting procedure explained on pages 9 to 14 ensures that both BHP Billiton Plc and BHP Billiton Limited shareholders vote on the election of Directors.

Explanatory Notes continued

Under the Articles of Association of BHP Billiton Plc and the Constitution of BHP Billiton Limited, at least one-third of Directors must retire (and may seek re-election) at each Annual General Meeting. However, taking account of the recommendations in the UK Corporate Governance Code, in 2011 the Board adopted a policy under which all Directors seek re-election annually. All Directors (with the exception of Pat Davies) are therefore retiring and offering themselves for re-election, while Mr Davies is seeking election by shareholders for the first time, having been appointed a Director since the 2011 Annual General Meetings.

The Nomination Committee of the Board (in the absence of the Director where that Director is a member of the Nomination Committee) oversaw a review of the performance of all retiring Non-executive Directors, which was designed to assess the effectiveness of each person. All Directors contributed to that review. The Nomination Committee has also reviewed the skills, backgrounds, knowledge, experience and diversity of geographic location, nationality and gender represented on the Board.

In addition, the Chairman, drawing on guidance from the Remuneration Committee, led an evaluation of the performance of the Chief Executive Officer on behalf of all Non-executive Directors. The criteria used to assess the Chief Executive Officer's performance are set out in sections 5.15 and 6 of the Annual Report.

On the basis of those reviews, the Board considers that all retiring Directors demonstrate commitment to their role and that they will continue to make a valuable contribution to the Board. Accordingly, the Board recommends to shareholders the re-election of all retiring Directors. The Board also recommends to shareholders the election of Pat Davies.

In recommending each of Sir John Buchanan, David Crawford and John Schubert for re-election, the Nomination Committee and the Board took into account their respective tenures. The Board is satisfied for each of these Directors that their tenure has not in any way compromised their ability to effectively discharge their obligations as a Non-executive Director, nor has it impaired their independence of character and judgement. The Board believes that each of these Directors continues to make an outstanding contribution to the Board and the relevant Committees.

In recommending David Crawford and Lindsay Maxsted for re-election, the Nomination Committee and the Board took into account each Director's former association with KPMG, details of which are set out in section 5.9 of the Annual Report. The Board is satisfied for both Directors that their previous association with KPMG has not in any way compromised their ability to effectively discharge their obligations as a Non-executive Director, nor has it impaired their independence of character and judgement.

All Non-executive Directors are considered by the Board to be independent in character and judgement and free from any business or other relationship that could materially interfere with the exercise of their objective, unfettered or independent judgement. The Annual Report contains further information on the independence of Directors in section 5.9.

The election and re-election of Directors to the Board is considered a significant matter and is therefore a joint electorate action.

The resolutions to appoint these Directors are proposed separately as ordinary resolutions.

The biographical details, skills and experience of each of the Directors standing for election are set out below and in section 4.1 of the Annual Report.

Item 2

Pat Davies BSc (Mechanical Engineering), 61

Pat Davies has broad experience in the natural resources sector across a number of geographies, commodities and markets. Mr Davies began his career at Sasol in 1975 and held a number of diverse roles, including managing the group's oil and gas businesses, before becoming Chief Executive in July 2005. Mr Davies has been a Director of BHP Billiton since June 2012 and is a member of the Remuneration Committee.

The Board has concluded that Mr Davies is independent.

The Board believes that Mr Davies' experience in the oil and gas industry and his corporate experience in the natural resources sector across a number of geographies, commodities and markets make him an important addition to the Board.

Mr Davies says: 'Until a year ago, I led an organisation that operates in sectors similar to BHP Billiton's. I hope to draw on this experience to assist the Board as it provides the strategic direction and sound governance needed to create sustainable value for shareholders and all other stakeholders.

Continuous improvement in many areas, including the management of people, operations, corporate governance, safety and environmental care, is essential to ensure an enduring competitive advantage. Given the long-term nature of investment decisions in the resources sector, it is particularly important that these decisions be well considered and effectively implemented. I hope to make a contribution also in this area.'

The Board recommends the election of Mr Davies.

Item 15

Reappointment of auditor of BHP Billiton Plc

The law in England requires shareholders to approve the appointment of a company's auditor each year. The appointment runs until the conclusion of the next Annual General Meeting. In addition, the law requires shareholders to either agree the remuneration of the auditor or they may authorise the company's Directors to do so.

KPMG has acted as the sole auditor of BHP Billiton Plc and BHP Billiton Limited since December 2003. Prior to that, KPMG and PricewaterhouseCoopers acted as joint auditors.

The law in Australia does not allow for a similar annual reappointment of an auditor. A resolution to reappoint the auditor of BHP Billiton Limited has, therefore, not been proposed.

This item is regarded as a significant matter and is therefore a joint electorate action. It is proposed as an ordinary resolution.

Item 16

General authority to issue shares in BHP Billiton Plc

The purpose of this resolution is to renew the authority of the Directors to issue shares and other equity securities in BHP Billiton Plc.

The proposed limit is 528,017,949 shares, which:

- ▶ represents approximately 9.9 per cent of the total combined issued share capital of BHP Billiton Plc and BHP Billiton Limited (or 25 per cent of the total issued share capital of BHP Billiton Plc, excluding treasury shares) as at the date of this Notice of Meeting;
- ▶ is considerably lower than the maximum limit (one-third of issued share capital or two-thirds in the case of a pre-emptive share issue) specified in the guidelines of major shareholder associations in the United Kingdom: the Association of British Insurers and the National Association of Pension Funds; and
- ▶ is subject to the lower limit specified in Item 17 where shares are issued for cash on a non-pro rata basis.

This authority will expire at the conclusion of the BHP Billiton Annual General Meetings in 2013.

There are no present plans to issue shares other than in connection with employee share and incentive schemes. While the limit exceeds the number of shares that could be issued under the employee share schemes, the resolution is being proposed to ensure that the Directors have the capacity to finance business opportunities which may arise during the year.

No shares were issued under the similar authority granted by shareholders at last year's Annual General Meetings.

As at the date of this Notice of Meeting, BHP Billiton Plc holds 24,113,658 treasury shares being 1.14 per cent of the total issued share capital of BHP Billiton Plc (excluding treasury shares).

This item is regarded as a significant matter and must therefore be considered as a joint electorate action. It is proposed as an ordinary resolution.

Item 17

Issuing shares in BHP Billiton Plc for cash

The purpose of this resolution is to renew the authority of the Directors to issue shares and sell treasury shares in BHP Billiton Plc, for cash, without following the provisions in section 561 of the United Kingdom Companies Act 2006.

Paragraph (a) of Item 17 authorises the Board to issue shares and sell treasury shares for cash in connection with a rights issue or other pre-emptive offer.

Paragraph (b) of Item 17 authorises the Board to make other types of share issues (and sales of treasury shares) for cash – for example, placements to people who are not currently shareholders. However, this authority in paragraph (b) is limited to 106,809,273 shares, which:

- ▶ represents approximately 2 per cent of the total combined share capital of BHP Billiton Plc and BHP Billiton Limited (or 5 per cent of the total issued share capital of BHP Billiton Plc, including treasury shares) as at the date of this Notice of Meeting; and
- ▶ is consistent with the guidelines of the United Kingdom's Pre-Emption Group, which reflect the views of the Association of British Insurers, the National Association of Pension Funds and the Investment Management Association.

The Directors confirm their intention to follow the United Kingdom Pre-Emption Group's guidelines regarding cumulative usage of the paragraph (b) authority within a rolling three-year period, namely that cumulative usage in excess of 7.5 per cent within a rolling three-year period should not take place without prior consultation with shareholders.

The Directors did not use the equivalent authority granted by the shareholders at last year's Annual General Meetings.

This item is regarded as a significant matter and must therefore be considered as a joint electorate action. It is proposed as a special resolution.

Item 18

Repurchase of shares in BHP Billiton Plc (and cancellation of shares in BHP Billiton Plc purchased by BHP Billiton Limited)

The purpose of this resolution is to renew BHP Billiton Plc's authority to buy back its own shares, in the market.

The authority conferred by this item will only be exercised after considering the effects on earnings per share and the benefits for shareholders in BHP Billiton Plc and BHP Billiton Limited generally.

The Directors believe that the authority to acquire shares in BHP Billiton Plc could be exercised in the future (whether by way of direct market purchases by BHP Billiton Plc, by way of the alternative mechanism described below or by way of a combination of both), although there is no present intention to do so as at the date of this Notice of Meeting.

Item 18 continued

Item 18 seeks to renew the authority given to the Directors to buy back BHP Billiton Plc shares at the 2011 Annual General Meetings for a further period, expiring at the conclusion of the BHP Billiton Annual General Meetings in 2013. Shareholders are asked to consent to the purchase by BHP Billiton Plc of up to a maximum of 213,618,545 ordinary shares, which represents 10 per cent of BHP Billiton Plc's issued share capital as at the date of this Notice of Meeting. The maximum price that may be paid for an ordinary share is 105 per cent of the average middle market quotation for the five business days preceding the purchase, and the minimum price that may be paid for any ordinary share is its nominal value of US\$0.50.

If a decision was made to exercise the authority conferred by this item, the BHP Billiton Plc shares could be bought back directly, or, alternatively, by a mechanism whereby BHP Billiton Limited purchases fully paid shares in BHP Billiton Plc on-market and then transfers those shares to BHP Billiton Plc for no consideration, following which BHP Billiton Plc would cancel those shares. This alternative mechanism would not have a different impact on the Group's cash, gearing or interest levels to a direct buy-back of its own shares by BHP Billiton Plc. The Board wishes to maintain flexibility to pursue strategies that maximise the Group's value and this form of arrangement may be an attractive option in terms of the Group's capital management. However, the aggregate number of BHP Billiton Plc ordinary shares which would be acquired (whether by way of direct market purchases by BHP Billiton Plc or by way of this alternative mechanism) would not exceed the maximum number of BHP Billiton Plc ordinary shares for which the buy-back authority is sought under Item 18 and the same maximum and minimum prices would apply to any purchases of BHP Billiton Plc shares by BHP Billiton Limited which are transferred to BHP Billiton Plc for cancellation.

As at 11 September 2012, there were options and other awards under employee share plans outstanding to subscribe for 7,384,460 shares in BHP Billiton Plc. If exercised in full, these would represent 0.35 per cent of the issued share capital (excluding treasury shares) at the date of this Notice of Meeting. If the authority to buy back shares under Item 18 was exercised in full (or the maximum number of ordinary shares in respect of which the authority is given is acquired by the alternative mechanism described above, or by a combination of direct market purchases and the use of such mechanism), these options or other awards would, on exercise, represent 0.39 per cent of the issued share capital of BHP Billiton Plc (excluding treasury shares), net of the shares bought back.

The United Kingdom Companies Act 2006 enables companies in the United Kingdom to hold any of their own shares they have purchased as treasury shares with a view to possible resale at a future date, rather than cancelling them. BHP Billiton Plc holds 24,113,658 ordinary shares in treasury. This provides BHP Billiton Plc with additional flexibility in the management of its capital base, enabling it either to sell treasury shares quickly and cost-effectively or to use the treasury shares to satisfy awards under BHP Billiton employee share schemes. Any shares acquired by BHP Billiton Plc under the alternative mechanism described above will not be treated as treasury shares.

The Directors did not use the equivalent authority granted by shareholders at last year's Annual General Meetings.

This item is regarded as a significant matter and must therefore be considered as a joint electorate action. It is proposed as a special resolution.

Item 19

Remuneration Report

The Annual Report for the year ended 30 June 2012 contains the Remuneration Report, which sets out the remuneration policy for the Group and reports the remuneration arrangements in place for the Executive Director, Non-executive Directors and other Key Management Personnel. This meets requirements in the United Kingdom and Australia for disclosure of information on this topic. A copy of the Remuneration Report is set out in section 6 of the Annual Report, which is available online at www.bhpbilliton.com.

The current law in Australia and England makes it clear that the shareholder vote is advisory and will not require BHP Billiton Plc or BHP Billiton Limited to alter any arrangements detailed in the Remuneration Report should the resolution not be passed.

Notwithstanding the current 'advisory' status of the vote on the Remuneration Report, the Board has previously determined that it will take the outcome of the vote into account when considering the Group's remuneration policy.

This item is regarded as a significant matter and is therefore a joint electorate action. It is proposed as a non-binding ordinary resolution.

Item 20

Approval of grant of Long-Term Incentive ('LTI') Performance Shares to Executive Director

It is proposed that Marius Kloppers, who is an Executive Director of BHP Billiton, be awarded securities under the Long Term Incentive Plan ('LTIP'). Under the Australian Securities Exchange ('ASX') Listing Rules, an issue of BHP Billiton Limited securities to Directors is required to be approved by shareholders. This requirement does not apply in respect of securities purchased on-market, and it is the Board's current intention that securities awarded under Item 20 will be acquired on-market. Nonetheless, the Board wishes, as a matter of good governance, to seek approval for the acquisition of securities under the LTIP by the Executive Director.

The following information is provided in relation to the Performance Shares that may be granted to the Executive Director under the terms of the LTIP.

- (a) **Award of LTI Performance Shares:** The Board, on the advice of the Remuneration Committee, has approved an award of LTI Performance Shares with a fair value (as referred to below) of US\$3,441,000. This value was determined with the input of the Remuneration Committee's independent adviser, and takes into account the appropriate level of total remuneration, as assessed by reference to a number of factors, including the extent to which the total remuneration is market competitive. The LTI Performance Shares will be granted following the Annual General Meetings (if shareholder approval is received). The actual number of LTI Performance Shares to be granted to Mr Kloppers will depend on the share price and exchange rate over the three months immediately prior to the date of grant.

Item 20 continued

How the number of LTI Performance Shares will be calculated: The number of Performance Shares allocated to Mr Kloppers under the LTIP will be calculated using the following formula:

$$(FV \times FX) / (41 \text{ per cent} \times \text{Share Price})$$

Where:

FV is the US dollar fair value of US\$3,441,000 approved by the Board as described above.

FX is the USD/AUD exchange rate (using the three-month average rate immediately prior to the grant date) to convert the fair value to Australian dollars.

41 per cent is the fair value factor (as calculated by the Remuneration Committee's independent adviser).

Share Price is the average daily closing price of shares traded on the ASX over the three months immediately prior to the grant date.

The resulting number of LTI Performance Shares will be rounded down to the nearest whole number of Performance Shares.

An example calculation using the above formula as at 31 August 2012: If awards were granted based on the three-month average share price and exchange rate immediately prior to 31 August 2012 (A\$31.83; and A\$0.9751 to US\$1.00), 257,106 Performance Shares would be granted under the LTIP after the Annual General Meetings (if shareholder approval is received).

Maximum award size: The LTIP Rules limit the maximum award to an Expected Value of two times base salary based on the same 41 per cent factor as above. This percentage has been calculated by the Remuneration Committee's independent adviser and takes into account the likelihood that the LTIP performance conditions are met (under the terms and conditions set out in section 6.8.5 of the Remuneration Report). The maximum award (i.e. number of LTI Performance Shares) is then based on the volume weighted average price of BHP Billiton Limited shares traded on the ASX over the five days immediately prior to the grant date.

Information on the LTIP is set out in section 6 of the Annual Report, and the LTIP Rules are available online at www.bhpbilliton.com.

- (b) It is not possible to specify a maximum number of Performance Shares that will be granted to Mr Kloppers under the LTIP. As described above, the actual number of LTI Performance Shares to be granted depends on the share price and exchange rate over the three months immediately prior to the date of grant – which as explained above can only be determined after the Annual General Meetings, when the relevant security is granted to Mr Kloppers. However, the indicative example above illustrates how many Performance Shares would have been granted under the LTIP if the grant date had been 31 August 2012.

Item 20 continued

- (c) Each LTI Performance Share represents a conditional entitlement to one ordinary fully paid share in BHP Billiton Limited. There is no cost to Mr Kloppers on the grant of LTI Performance Shares. The LTI Performance Shares will not have an exercise price and accordingly do not raise capital.
- (d) Mr Kloppers is the only Director (or associate of a Director) who received securities under the Group Incentive Scheme ('GIS') and the LTIP pursuant to last year's shareholder approval at the 2011 Annual General Meetings. The number of securities received (none of which had an acquisition price) is 64,705 Deferred Shares under the GIS and 226,721 Performance Shares under the LTIP.
- (e) The name of the Director and his associates entitled to participate in the LTIP in 2012 is Marius Kloppers.
- (f) In relation to the operation of the LTIP for the current financial year, the LTI Performance Shares may be issued up to 29 November 2013. Underlying shares may be issued as a result of the exercise or award of the LTI Performance Shares from August 2017 to August 2022.

This item is regarded as a significant matter and must therefore be considered as a joint electorate action. It is proposed as an ordinary resolution.
