Caval Ridge Mine

Compliance Report

Environmental Protection and Biodiversity Conservation Act 1999

September 2015

Caval Ridge Mine

The Caval Ridge Mine (CVM) is an open cut coal mine located within the Isaac Regional Council. The mine is approximately 6.2 km from Moranbah and approximately 160km south-west of Mackay, Queensland. CVM is operated by BM Alliance Coal Operations Pty Ltd (BMA).

CVM was subject to an assessment and approval process under Commonwealth and Queensland legislation. Commonwealth approval for the CVM Project, under section 130(1) and 133 of the *Environmental Protection and Biodiversity Act 1999* (EPBC Act) was granted on 18 March 2011. The approval and any subsequent variations are available at:

http://www.environment.gov.au/cgi-bin/epbc/epbc_ap.pl?name=current_referral_detail&proposal_id=4417

EPBC Act approval was granted for controlling provision 'Listed threaten species and communities (sections 18 &18A)', subject to conditions in Table 1. The expiry date of the approval is 31 March 2041.

Compliance Report

In accordance with condition 6 of the *Environmental Protection and Biodiversity Conservation Act 1999* (EPBC Act) approval (ref 2008/4417), this report provides an update of CVM’s compliance against the relevant approval conditions (Table 1).

Table 1: EBPC Act Approval Compliance Status

#	Condition	Status
1	<p>The person taking the action must not clear more than 25.2 ha of the EPBC listed "Brigalow (<i>Acacia harpophylla dominant and co-dominant</i>)" endangered ecological community and 124.6 ha of the EPBC listed Bluegrass (<i>Dichanthium spp</i>) dominant grasslands of the Brigalow Belt Bioregions (North and South) endangered ecological community, (now included within the "Natural Grasslands of the Queensland Central Highlands and the northern Fitzroy Basin" ecological community).</p>	<p>Clearing activities are being carried out in accordance with the Caval Ridge Mine Threatened Flora, Fauna and Ecological Communities Management Plan (TFECMP) developed under this approval. Areas cleared are within the hectare limits specified in this condition.</p> <p>CVM has EPBC listed "Brigalow (<i>Acacia harpophylla dominant and co-dominant</i>)" endangered ecological community (EEC) which encompasses Queensland Regional Ecosystems (RE) 11.4.3, 11.4.8 and 11.4.9. CVM has cleared 5.99 Ha of Brigalow EEC.</p> <p>CVM has EPBC listed "Natural Grasslands of the Queensland Central Highlands and the northern Fitzroy Basin" EEC consisting of RE 11.8.11. CVM has cleared 46.61 Ha.</p>

	commencement.	which constitute the 'Commencement of Operations' as defined by the approval, have commenced on site.
6	Within three months of every 12 month anniversary of the commencement of the action, the person taking the action must publish a report on their website addressing compliance with each of the conditions of this approval, including implementation of any management plans as specified in the conditions. Documentary evidence providing proof of the date of publication and non-compliance with any of the conditions of this approval must be provided to the Department at the same time as the compliance report is published.	The information provided in this report address this condition.
7	Upon the direction of the Minister, the person taking the action must ensure that an independent audit of compliance with the conditions of approval is conducted and a report submitted to the Minister. The independent auditor must be approved by the Minister prior to the commencement of the audit. Audit criteria must be agreed to by the Minister and the audit report must address the criteria to the satisfaction of the Minister.	The Minister has not requested for BMA to conduct an independent audit of compliance with the conditions of approval.
8	If the person taking the action wishes to carry out any activity otherwise than in accordance with the Offset Management Plan and Threatened Flora and Fauna Species and Ecological Communities Management Plan referred to in conditions 2 and 4 the person taking the action must submit for the Minister's written approval a revised version of any such plan. The varied activity shall not commence until the Minister has approved the varied plan in writing. If the Minister approves such a revised plan, that plan must be implemented in place of the plan originally approved. Unless the Minister has approved the revised plan, then the person taking the action must continue to implement the plan originally approved, referred to in conditions 2 and 4.	All activities being carried out are in accordance with the Caval Ridge Mine OMP and TFFECMP.
9	If the Minister believes that it is necessary or convenient for the better protection of listed threatened species and communities to do so, the Minister may request that the person taking the action make specified revisions to the plans pursuant to conditions' 2 and 4 and submit the revised plan for the Minister's written approval. The person taking the action must comply with any such request. The revised approved plan must be implemented. Unless the Minister has approved the revised plan then the person taking the action must continue to implement the plan originally approved, referred to in conditions 2 and 4.	As per the letter request on 3 June 2014, a revised version of the Caval Ridge Mine TFFECMP, for the operational phase of the project, was submitted to the Department on 2 September 2014. In response to the Department's feedback, an addendum to the TFFECMP was re-submitted on 6 November 2014; the revised Plan is awaiting approval.
10	If, at any time after 5 years from the date of this approval, the person taking the action has not substantially commenced the action, then the person taking the action must not substantially commence the action without the written agreement of the Minister.	Construction works commenced on site in June 2012. A letter was issued to the Department confirming the 'Commencement of Operations' as defined by the approval.

**Caval Ridge Mine
Compliance Report – EPBC 2008/4417**

11	<p>The person taking the action must maintain accurate records substantiating all activities associated with or relevant to the above conditions of approval, including measures taken to implement the management plans required by this approval, and make them available upon request to the Department. Such records may be subject to audit by the Department or an independent auditor in accordance with section 458 of the EPBC Act, or used to verify compliance with the conditions of approval. Summaries of audits will be posted on the Department's website. The results of audits may also be publicised through the general media.</p>	<p>Caval Ridge Mine has records substantiating all activities associated with or relevant to the conditions of approval. If requested by the Department or an independent auditor, records will be made available.</p>
12	<p>Unless otherwise agreed to in writing by the Minister, the person taking the action must publish all management plans referred to in these conditions of approval on their website. Each plan must be published on the website within 1 month of being approved.</p>	<p>The OMP and TFFECMP referred to in the approval conditions have been published on the BHP Billiton website. This annual compliance report will be published on the BHP Billiton website within 1 month of submission. http://www.bhpbilliton.com/society/regulatory</p>
