**Subject:** Community consultative committee options during the COVID 19 social distancing rules

Dear Chairpersons

I am writing to provide some options that may assist you in managing CCC meetings in the current climate of COVID-19. Given the current social distancing requirements, it is appropriate that all face to face meetings are cancelled and other alternative options explored. The Department would support other options including but not limited to;

- video conferencing via programs such as zoom, skype, Facebook or other accessible and readily available technology
- iterative Q and A with the proponent and committee members via the chairperson
- teleconferencing via phone, whatsapp or other instant messaging programs; and
- requesting the proponent to provide regular updates on their operational or construction activities to the committee.

If these, or other options of running a committee meeting are not possible and meetings need to be cancelled please contact the Department to discuss an alternative approach.

We wish to thank you for the great work you have been doing and wish you well in these difficult times, if you have any questions or concerns please contact Louis Scipione at [ccc@planning.nsw.gov.au](mailto:ccc@planning.nsw.gov.au) or on [9274 6091](tel:92746091).

Kind Regards,  
Louis
