

LIST OF APPENDICES

APPENDIX A	INTRODUCTION
A1	Form letter submissions
A2	Complete submissions to the Draft EIS
A3	Consolidated list of management measures and commitments
A4	Supplementary EIS Study Team
A5	Alterations to the Draft EIS
A6	Refinements to project configuration
A7	Port Augusta landing facility noise assessment
APPENDIX B	PROJECT ALTERNATIVES
B1	Elliston instrument deployment data report
APPENDIX C	DESCRIPTION OF THE PROPOSED EXPANSION
C1	EIS pit slope design and rock storage facility report
C2	Management of spent acid plant catalyst
APPENDIX D	MINING-INDUCED SEISMICITY
D1	Influence of open pit mining on seismic and aseismic deformation
Att	Attachment to D1 mashers fault model results for DPE and stress.PPT
APPENDIX E	SURFACE WATER
E1	Rock storage facility runoff water quality assessment
APPENDIX F	GROUNDWATER AND GEOCHEMISTRY
F1	Conceptual groundwater model
F2	Collation of hydrogeological related data and information post-Draft EIS
F3	Yarra Wurta spring interpretation
F4	Updates to Stuart Shelf regional groundwater flow model
F5	TSF supplemental geochemical investigations
F6	Kinetic testing program
F7	RSF assessment of infiltration and percolation
APPENDIX G	AIR QUALITY
G1	Air quality ground-level concentration contours
APPENDIX H	MARINE ENVIRONMENT
H1	Upper Spencer Gulf marine species list
H2	Water and sediment quality
H3	Comparisons with other desalination plants
H4	Ecotoxicology
H5	ELCOM model development
H6	Diffuser design investigation

- H7 Hydrodynamic modelling assessments
- H8 Salt balance of Northern Spencer Gulf
- H9 Ecological assessments
- H10 Entrainment assessments
- H11 Assessment of bow waves and propeller wash

APPENDIX I NORTHERN TERRITORY TRANSPORT OPTION

- I1 Draft radioactive material transport management plan (interim draft)
- I2 Draft transport of Class 7 radioactive material emergency response plan (interim draft)
- I3 Potential aquatic impact of copper sulphide

APPENDIX J SOCIAL ENVIRONMENT

- J1 Social management framework
- J2 Andamooka social impact assessment
- J3 Health data

APPENDIX K TRAFFIC

- K1 Draft off-site transport management plan (interim draft)
- K2 Over-dimensional loads: 30 min vs 45 min delays
- K3 Level of service assessment south of Port Augusta
- K4 Over-dimensional loads: Port Augusta assessment

APPENDIX L HEALTH AND SAFETY

- L1 Non-fatal traffic accidents
- L2 USG marine safety
- L3 Mining and health literature review

APPENDIX M RADIATION

- M1 Verification of radiation related figures in the Draft EIS
- M2 Initial geochemistry survey: East Arm Wharf and Alice Springs, Northern Territory
- M3 Statistical analysis of radionuclide survey data
- M4 Assessment of radionuclide levels in three tissues from kangaroos in the Olympic Dam region
- M5 Briefing paper on effects of radiation on the non-human environment

APPENDIX N ENVIRONMENTAL MANAGEMENT FRAMEWORK

- N1 Draft dust management plan (interim draft)
- N2 Draft emergency response plan (Upper Spencer Gulf facilities) (interim draft)
- N3 Draft greenhouse gas and energy management plan (interim draft)
- N4 Draft land disturbance control (administrative process) (interim draft)
- N5 Draft noise management plan (interim draft)
- N6 Draft operational general waste and used tyres management plan (interim draft)
- N7 Draft radiation management plan (interim draft)
- N8 Draft radioactive waste management plan (interim draft)
- N9 Draft rehabilitation and closure plan (interim draft)
- N10 Draft silt and sediment management plan (offshore works associated with desalination plant) (interim draft)

APPENDIX O HAZARD AND RISK

- O1 Addendum to the risk assessment
