

# MAC Safe Contractor - Zero Fatalities

## SCOPE

- I have **clear instructions** - **pre-start** or supervisor briefing before starting
- I'm working within my **approved scope**

## TRAINING

- My **training / competency** is right
- I'm **appointed / authorised** for the task

## INSPECTIONS

- I'm using **approved equipment** (*incl. ITS*)
- I've **inspected equipment** safe to use
- I've **checked my work area** for hazards

## CONTROLS

- I've done **personal risk assessment** (60secs) to identify controls / trigger JHA
- I've **implemented controls** required by WIN / procedure or JHA
- There are **no uncontrolled hazards**

I know my critical controls! 

**I've checked critical controls are working!!**

*Refer "My Risks & Critical Controls card"*

FLIP OVER

# MAC Safe Contractor - Zero Fatalities

## SUPERVISION

- I know my **supervisor and contact info**
- I know my **BHP contact** person
- **They know about my job and location**

## AUTHORITY TO WORK

- My **Authority to Work** is approved
- My **supervisor** has signed my **JHA**
- My **permits** are authorised

## MANAGE CHANGE

- I'll **report hazards / incidents** so everyone can learn
- I'll **monitor line of fire and change on the job**

I'll **STOP** & reassess if the job changes!

I'll **STOP** & check with **BHP contact** if asked to work outside scope, work order or PO!

**I know how to call an emergency**
